Clerk of Circuit Court
Fountain County Court
P.O. Box 183
Covington, IN 47932

Dear Ms. Gritten:

Thank you for your request for approval to continue to post non-confidential court information for your courts on the Internet. I'm pleased to let you know that your request is approved contingent on the conditions enumerated below. This approval is administrative in nature and is granted under the provisions of Trial Rule 77(K).

1. You are authorized to post non-confidential party, attorney, case number and CCS information on the Internet. Should you decide to make any changes to what you propose to post, you must seek and obtain specific approval for such changes.
2. You must provide a copy of this approval letter to each judge of a court of record in your county.
3. Approval of this request to post information on the Internet in no way reduces the obligation of the clerk and court to make non-confidential court information available to the public through traditional means in response to in-person and telephone inquiries.
4. You, the judges in your county, and any other county entity involved in technology services for court records are responsible for taking reasonable steps to ensure that Administrative Rule 9, as well as all other applicable state and federal laws are followed, including without limitation those laws pertaining to confidentiality.

5. Your contract with your case management vendor and the Internet services provider must comply with requirements of Administrative Rule 9(K).¹
6. Your contract with your vendor must explicitly make it clear that all information and data remain the property of the court, and any use of the data other than as specified by this authorization, is prohibited. No court data will be sold, licensed, or otherwise made available to any other entity for any other purpose.
7. You must conduct periodic audits of the data being provided over the Internet in order to assure compliance with this approval, Administrative Rule 9 and other relevant laws.
8. You must assure that the display on the Internet will provide appropriate advice and/or disclaimer to users about the non-official status of the information displayed on the Internet;
9. Counties whose County Board of Commissioners has adopted an electronic system fee to be charged in conjunction with public access to court records must have the fee approved by the Division, and the method of the fee's collection, deposit, distribution and accounting must be approved by the Indiana State Board of Accounts (See administrative Rule 9(E)).
10. The Division of State Court Administration will be collecting information from clerks and courts that provide information over the Internet to report on matters related to the posting of court records, including the number of subscribers, fees collected and any security breach issues that have arisen. This report will be required as part of the renewal process.
11. The Supreme Court and The Division of State Court Administration reserve the authority to make changes to the approval process and to the rules

¹ Administrative Rule 9(K) provides:

(K) Contracts With Vendors Providing Information Technology Services Regarding Court Records.

(1) If a court or other private or governmental entity contracts with a vendor to provide information technology support to gather, store, or make accessible court records, the contract will require the vendor to comply with the intent and provisions of this access policy. For purposes of this section, the term "vendor" also includes a state, county or local governmental agency that provides information technology services to a court.

(2) Each contract shall require the vendor to assist the court in its role of educating litigants and the public about this rule. The vendor shall also be responsible for training its employees and subcontractors about the provisions of this rule.

(3) Each contract shall prohibit vendors from disseminating bulk or compiled information, without first obtaining approval as required by this Rule.

(4) Each contract shall require the vendor to acknowledge that court records remain the property of the court and are subject to the directions and orders of the court with respect to the handling and access to the court records, as well as the provisions of this rule.

(5) These requirements are in addition to those otherwise imposed by law.

governing both the approval and the posting of information. Any contractual arrangement should reflect acknowledgment of this authority.

12. Prior to this approval, vendors transferring court data to their own servers as part of the posting process executed and filed with the Division of State Court Administration a User Agreement for Bulk Distribution of Data, form TCM-AR9(F)-1, and a Request for Bulk Data/Compiled Information, form TCM-AR9(F)-4. If any changes occur during the year, both documents must be amended.
13. All vendors receiving bulk data transfers, including transfers for the purpose of posting court records in accord with T.R. 77(K), must fill out form TCM-AR9(F)-3, which is a Distribution Receipt form for bulk data distribution. This form is filed with the Division of State Court Administration within 30 days of the first distribution under the new agreement.
14. This approval expires on **January 31, 2009**. Renewal requests should be made using a form provided by the Division of State Court Administration, and should be made at least 10 days prior to the expiration of this approval.

Please feel free to contact me should you have any further questions or should you need any further assistance.

Sincerely,

James R. Walker
Director Trial Court Management
